TERRIBLE BREAKING OUT
CURED BY CUTICURA

I was afflicted with a terrible breaking out. I was treated by the very best physicians, who pronounced it blood poison, but it got worse. I was suffering untold agony, and finally had to give up work. CUTICURA REMEDIES were suggested, which I immediately procured. From the first, I experienced a soothing relief, notwithstanding my intense pain. I improved right along till at last *I was entirely cured, and not a sign on my body anywhere* indicating that anything had ever been the matter with me.

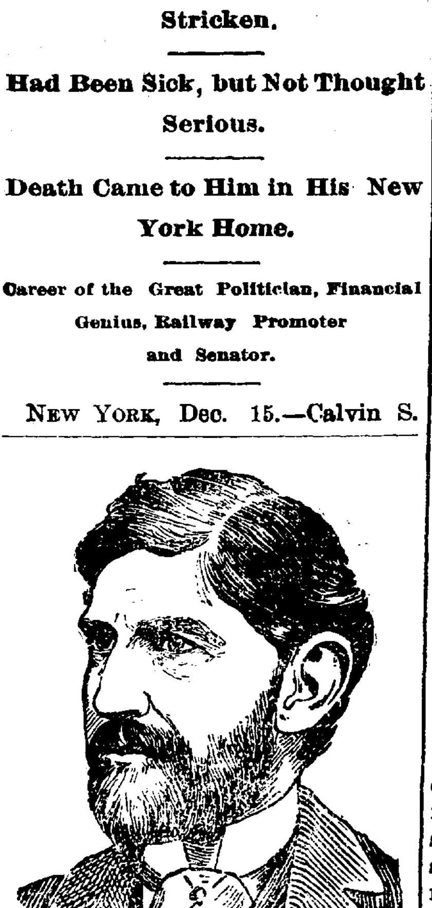
CAL BRICE IS DEAD.

Railway Magnate is Suddenly Stricken.

Had Been Sick, but Not Thought Serious.

Death Came to Him in His New York Home.

Career of the Great Politician, Financial Genius, Railway Promoter and Senator.



CALVIN S BRICE.

NEW YORK, Dec. 15.—Calvin S. Brice died at 3:15 o'clock this afternoon, in this city.

Mr. Brice contracted a severe cold one week ago today. On Friday last he went down town to his office, returning home in a suffering condition and on Saturday took to his bed. He grew steadily worse until this afternoon when he died.

LIFE OF CALVIN S. BRICE.

Calvin S. Brice was a native of Ohio, and was born in 1845. He was the son of a Presbyterian minister. Three years before the civil war he entered the Miama university, but in 1861 he enlisted in a university company for the war. He served in West Virginia in the Eighty-sixth Ohio infantry. In 1863 he graduated from the university and after teaching school a few months he became captain of a company of the One Hundred and Eighth Ohio and served to the end of the war. He went to the Ann Arbor, Mich., law school and afterwards was admitted to the bar in Cincinnati. He took an active interest in politics and in the campaign of 1876 he was an electoral candidate on the Tilden ticket and again on the Cleveland ticket in 1884. In 1888 he was a delegate at large to the democratic national convention at St. Louis, where the Ohio delegation chose him as a member of the nation committee. He was chairman of the executive committee during the 1888 campaign and on the death of William H. Barnum was elected chairman of the democratic national committee. In the winter of 1890 Mr. Brice was elected United States senator to succeed Henry B. Payne and took his seat March 4, 1891.

In the senate Mr. Brice became a prominent figure. He was soon made a member of the democratic steering committee and became also a member of the committee on appropriations. Mr. Brice seldom spoke in the senate but was a close observer of everything that was going on and was always deep in the councils of the party.

In business Mr. Brice had met with marvelous success. As a promoter of railroads he laid the foundation of his fortune. The New York, Chicago & St. Louis (the Nickel Plate) was his first great undertaking. He was the organizing genius in the Lake Erie and Western system. Lately Mr. Brice became interested in great railroad enterprises in China.

ADMIRE M'KINLEY.

Southern Hearts Fired by His Noble Words.

The Great Jubilee Parade Reviewed by the President and His Party—Thousands in Line.

ATLANTA, Ga., Dec. 15.—The second day of the Atlanta peace jubilee opened auspiciously. The temperature had relaxed its rigor considerably and warmth in the rays of the sun was early perceptible. As on yesterday the crowds were enormous, excursion trains arriving at short intervals from all directions.

The ovation given President McKinley at the capitol yesterday by the members of the legislature was the greatest reception ever given an American citizen in Atlanta and his speech having relation to the care of confederate dead has fired the hearts of southerners with admiration for the chief executive.

Gen. Joe Wheeler is cheered at every step and Generals Lawton, Young, Oates and other army officers are heartily received at each appearance.

The feature of the day was the civic and military parade, which passed through the streets during the afternoon. Starting from the corner of Garnat and White Hall streets at noon, the procession proceeded to exhibition park.

The parade consisted of ten divisions under command of Grand Marshal A. J. West.

The president and other distinguished guests in carriages were at the head of the pageant. They were escorted by the Third New Jersey and Fifteenth Pennsylvania, which came over from their winter camp at Athens for the purpose. The president was compelled to bow almost continuously to the cheers which assaulted his ears from the crowded sidewalks and the windows of the buildings along the line of march.

A roar of welcome denoted the position of Gen. Joe Wheeler and his band of cavalrymen who followed him through the civil war, and the wizened leader was at times compelled to force his horse through throngs of would-be worshippers who blocked his path.

BAGNIO RAIDED.

Police Paid an Unexpected Visit to Ed Keever's Place.

Keever and Another Man and Three Women Were Arrested—They Put Up Bail and Forfeited.

Sergeants Harkenrider and Stevens and Officers Rohrer and Spillner raided the rooms above Ed. Keever's saloon, No. 44 Columbia street, about 10 o'clock last night and arrested Keever, three women and another man. The quintette were hauled to the police station, where Keever put up $51.50 bail for himself and two of the women. Before morning the other young man and woman furnished the necessary bail and none of them appeared in police court, when Lieutenant Lapp rapped for order at 8:30 this morning. The bail money was forfeited. The police have been watching the Keever place for five years, suspecting that it was a house of ill-fame, but last night was the first time conclusive evidence was secured against it.

Fred Schnider, a train climber, was sent to jail for sixteen days.

A CHARGE OF ARSON

Made Against James Jacobs by Superintendent Gorsline.

Accused of Setting Fire to City Trucking Co.'s Barns.

The Evidence Against Jacobs is All Circumstantial.

Arraigned in Court This Morning and Justice Huser Fixed Bonds at $2,000—Jacobs' Denies Guilt.

The mystery surrounding the quietness in police circles for ten days or more was cleared up last evening when Sergeant Harkenrider and Detective Daseler arrested James Jacobs on the charge of arson.

The affidavit was sworn to by Superintendent of Police Gorsline and alleges that Jacobs set fire to the barns of the City Trucking company, which were burned early the last Sunday morning in November. The superintendent will not discuss the evidence on which he expects to convict Jacobs, who on the night of the fire was acting in the capacity of night watchman at the barn.

It is intimated that Mr. Jacobs had made threats that he would "get even" with the City Trucking company, of which company he was once manager and principal owner. As soon as the police learned of these threats an investigation was commenced and evidence of a circumstantial character was uncovered, which pointed strongly to Jacobs' guilt. The evidence was laid before Prosecuting Attorney Doughman and he ordered the man's arrest.

James Jacobs is very well known to business men in Fort Wayne, having for several years been foreman of the City Trucking company when it was owned by R. T. McDonald, P. A. Randall, E. W. Cook and others. Later Jacobs controlled the company, but could not make it pay. He left Fort Wayne and remained away a couple of years, returning less than a month ago. He applied for work at the barns, but for a time there was nothing for him to do. During the last week in November the night watchman at the barns was taken ill and Jacobs was employed to temporarily fill the place. The police have uncovered many suspicious things that Jacobs said and did that night and will divulge this evidence only at the trial. David Jacobs, a brother of Jim, is foreman of the trucking company, and Tom, another brother, is also in the employ of the company.

Jacobs was arraigned before 'Squire Huser, who presided at police court this morning. He entered a plea of not guilty and asked that the case be continued until he could secure an attorney. 'Squire Huser fixed bond at $2,000 and set the preliminary hearing for 8:30 o'clock Friday morning.

WIT AND ORATORY.

Sons of the American Revolution Annual Dinner.

Brilliant Assemblage and Much to Enjoy at the Fort Wayne Club Last Evening—The Toasts.

The annual banquet of Anthony Wayne chapter, sons of the American Revolution, was held at the Fort Wayne club last evening, about forty guests being present. The hall was decorated with flags and flowers, well befitting the occasion.

S. M. Foster presided as toastmaster, a position he filled right well, his preludes being spicy and highly entertaining. All of the toasts had a bearing on the revolutionary period, although references were made to the civil war and the late Spanish-American war. Mr. Foster made an address, after which Paul Mossman spoke eloquently upon the question of "What are We Here For?" Alexander Johnson, Col. D. N. Foster, Mrs. Charles B. Woodworth, C. E. Kendrick, Charles McCulloch and Dr. A. E. Bulson all responded to toasts.

Throughout the evening music was furnished by Alexander's Mandolin orchestra. The entire affair was a glowing evidence of the reverence felt for the forefathers whose heroism made the struggling colonies free and laid the foundation for the greatest nation beneath the sky.

IN NEW QUARTERS.

J. F. Schell Loan and Investment Company in Its New Office.

THE SPLENDID FACILITIES.

Something About the Plan on Which Investments are Made by Them.

THE ABSOLUTE SECURITY.

Why Both Investor and Borrower Can Profit by Dealing With This Institution.

The city of Fort Wayne stands preeminent among the cities of the middle west as regards its financial institutions. In no city are the institutions of this nature more trusted and more trustworthy. It is therefore with peculiar pride and pleasure that our citizens have witnessed the establishment and steady growth of the J. F. Schell Loan and Investment company, which has come forward into the front rank among institutions of this kind.

The secret of the substantial growth of this company is not hard to find. It is a well known principle that men who devote their entire time and energies to a certain kind of business can do it better and more successfully than anyone else. The spirit of combination and centralization that mark the successful business of every kind in this day and age. The business of the J. F. Schell Loan and Investment company is loaning money. The officers of this institution have by incessant labor, long experience and more than ordinary ingenuity developed a plan whereby "gilt-edged" real estate mortgages can be made with the greatest dispatch, at the same time safeguarding the investment by their unexcelled facilities for absolute security.

This is why the J. F. Schell Loan and Investment company has taken its place at the front and has found it necessary to further increase its facilities for doing business by the establishment of new offices in the Tri-State block. A representative of THE SENTINEL visited these offices yesterday. There is a pleasant surprise awaiting the person who has not yet seen them. It is doubtful if there are more handsome offices of any kind in the state, but a close inspection will show the more careful observer that all through the first aim has been for such arrangement and convenience as will tend to transact the business of the company most expeditiously. This has been done without sacrificing good taste in a single instance. The visitor, entering from Berry street, finds himself in the general office room. Behind a counter, protected by plate glass and burnished metal railings, are the cashier, bookkeeper and clerks. At the rear is the room where the stenographers do their work, and the great brick and steel, time lock, fire-proof vault and safety deposit. The hall running back to the offices of the president and other officials has the appearance of a handsome reception room. The floor is covered with linoleum of mosaic pattern, the walls handsomely frescoed, the chandeliers of burnished metal and rich and tasteful furniture for the accommodation of waiting patrons. At the end of the hall are the offices of the president, secretary, investment department, loan department, title room and record room. The oak walls, art glass partitions, handsome Brussels carpet and elegant office furniture give to these rooms a finish that must be seen to be appreciated. In a word, the new offices of the Loan and Investment company epitomize the character of the institution—facility for doing business with every comfort and convenience to patrons in the safest and most expeditious manner. The furnishings themselves are indicative of the stability and permanence of the institution.

The J. F. Schell Loan and Investment company was organized in April, 1895, by a number of citizens representative of the solid financial interests of the county, and headed by Mr. J. F. Schell. What has been accomplished since the organization illustrates the industry, energy and integrity of the promoters. During these years there has been in operation an original plan for safe-guarding the interests of investors. This plan is now complete and puts the company in a position to demand the attention of every investor and borrower. The J. F. Schell company operates in ten counties in Indiana and western Ohio, and depends on no one outside of its own members for knowledge of the value of security.

It is an almost incredible fact that the president of this company can sit in his office and in the space of five minutes tell whether any loan asked for out of these ten counties is such as the company will make. But so complete and exhaustive are the records, revised every week, that this can readily be done. But this is not all. After the application has been favorably passed upon, an officer of the company gives the security offered his personal attention. Every report is made upon printed forms provided for the purpose; every contingency is provided for, there is no chance for a slip. When all is complete there is no delay; the borrower has his money promptly at the lowest rate of interest, the investor receives his mortgage security, than which there can be no better, with the assurance, under the system operated by the company, that the property will be insured, the taxes paid and the interest at hand when due.

This is the secret of the marvelous success of the J. F. Schell Loan and Investment company. For a single investor to make the investigation and attend to the details as the company does for each loan would involve an expenditure of time and money that would defeat the object of the investment. The company, in making and attending to hundreds of loans, has the work so systematized that the expense in a single instance is trifling and the results are certain.

This is why the investor can place his money to better advantage through the J. F. Schell Loan and Investment company than any other way. This is why the borrower can obtain his money more quickly and at a lower rate of interest than elsewhere.

This is why the company has gained its reputation as being absolutely safe, solid and reliable. The officers of the company are:

President—J. F. Schell.
Vice President—Joseph Harding.
Secretary—L. A. Hirons.
Treasurer—J. L. Gruber.

Board of Directors—J. L. Gruber, Hiram Porter, J. F. Schell, S. D. Sledd, Joseph Harding, Joseph H. Grier, Geo. W. Linden, L. A. Hirons, Jackson Valentine, F. W. Antrup.

Among the stockholders are the following: F. W. Antrup, J. L. Gruber, Joseph Harding, Jackson Valentine, George W. Linden, Hiram Porter, Owen N. Heaton, L. A. Hirons, Rev. C. C. Cissel, L. S. Null, Dr. S. D. Sledd, Joseph Grier, W. E. Schell, J. F. Schell, Charles Pape, Clarence Schell and others.

In the management of the busines President Schell is ably assisted by Miss L. A. Hirons, secretary in the counting room; Mr. F. E. D. Keplinger in the investment department; Mr. M. H. Kraus in the title depart, and in a short time Mr. J. D. Gumpper will head the loan application department.

After all is said, the best recommendation of the J. F. Schell Loan and Investment company is to be found among those with whom and for whom they are doing business. It has merited and gained general approbation, and now starts in on a new and wider career of usefulness. The institution is one of which the citizens of Fort Wayne may well be proud.

NO BITTER DEBATE.

Pension Appropriation Bill is Passed by the House.

Bill Goes Through in Shortest Time on Record.

Mr. Allen Rejoices in Absence of Bloody Shirt.

Helped to Report the Bill While President is South Honoring Confederate Dead.

WASHINGTON, Dec. 14.—The house today passed the general pension appropriation bill, carrying $145,233,839, occupying only twenty minutes in consideration of the measure. This is the shortest time on record for a general pension bill.

When Mr. Barney, republican, of Wisconsin, in charge of the bill, had called it up and made a general explanation of its provisions, Mr. Allen, democrat, of Mississippi, of the appropriations committee, called attention to the fact that when he first came to congress, fourteen years ago, the pension appropriation bill invariably precipitated a "bloody shirt" discussion.

He congratulated the country that congress had progressed since then and that there would be no acrimonious discussion on the bill before the house. The country at last had the gratifying information that the pension roll had reached the maximum. "And I congratulate the country for this," said Mr. Allen in conclusion, "that while one of the most gallant and desperate soldiers of the confederacy (himself) helped to report this bill, the president of the United States is down in Dixie doing honor to the confederate dead. We all have cause to rejoice."

There was no further debate on the bill.

ACCUSED OF THEFT.

Ora Shannon Charged With Stealing a Robe From Diederich Rodenbeck.

Ora Shannon was arrested yesterday afternoon on a charge of stealing a handsome lap robe from Diederich Rodenbeck.

Deputy Sheriffs Scout and Witte went to the home of Shannon's parents and they first denied the robe was there. Then an old robe was produced, but the officers were not fooled and demanded the stolen robe, which was produced with the statement that their son, Ora, had found it. Young Shannon when taken into custody claimed he had found the robe. A preliminary trial is in progress before 'Squire Bullerman this afternoon. Henry Colerick is defending Shannon.

At the launching of J. Pierpont Morgan's new yacht, the Corsair, in New York, fourteen of the guests represented a total amount of wealth in excess of $300,000,000.

The solution of the Chinese problem soon to be begun by Russia and Great Britain will doubtless be along the same old lines. It is easier to cut a knot than untie it.

Bunyan's "Pilgrim's Progress" has been lately translated into the Uganda language by a German. The precious piece of literature may now be read in eighty-two languages.

Those Spanish women who stoned a statue of Columbus because he discovered America were only doing in another way what the Spanish crown caused to be done to the great mariner himself in his last years.

Rufus L. Perry, a colored lawyer of Brooklyn, has secured an option on 1,500 acres of land on Long Island, with the idea of forming a settlement of the people of his race. The plan is to bring up about 6,000 negroes from the sections of North and South Carolina in which race riots have taken place and lease the land to them in ninety nine-year leases at $5 a lot. Building materials are to be supplied to the settlers and the backers of the scheme intend to establish factories where the negroes can make chairs and various kinds of woodwork. The men who are with Perry in the scheme are said to be Tammany men. Perry himself is a democrat.

The board of water works trustees should be abolished because that department of the city government can be much more economically and satisfactorily administered if merged with the board of public works. It is an incongruity in the present scheme of municipal government.

The visit of President McKinley to the Atlanta peace jubilee will be memorable for the speech he made before the Georgia legislature. These words from the president's address will be treasured by the people of the south: "Every soldier's grave made during our unfortunate civil war is a tribute to American valor. And while, when those graves were made, we differed widely about the future of this government, these differences were long ago settled by the arbitrament of arms, and the time has now come in the evolution of sentiment and feeling, under the providence of God, when in the spirit of fraternity we should share with you in the care of the graves of the confederate soldiers." These are the words of a true patriot and a broad and Christian man. They will do much to cement closer the people of the north and south and make impossible any revival of sectionalism. Mr. McKinley's speech will do not only these things, but it will stand as a solemn rebuke to whoever shall hereafter, north or south, seek to rekindle the dying embers on the national hearthstone.

About fifty little Hebrew children last evening celebrated the children's "festival of lights," appropriate to the holidays of Chanukah, the affair being held at Standard hall. A part of the ceremonies was the lighting of eight candles, symbolic of the eight days of the feast, the child lighting a candle recites a verse. These eight children were Maurice Seelberg, Amy Rothschild, Melvin Hurst, Corinne Strass, Louis Goldstine, Grace Rothschild, Lester Diamond and Stella Swartz. The Chanukah poem was given by Milton Hirsch, and the Chanukah hymn was sung by all the children. Miss Pearl Karn recited "Be Strong and Courageous," and all of the guests united in singing "America." A light supper was served later in the evening.

Wabash Serves Notice on Western Passenger Association.

John White, a Workman, Receives Painful Injuries—A Record-Breaking Day in Freight Traffic.

ST. LOUIS, Mo., Dec. 15.—The Wabash railroad has given formal notification to the Western Passenger association that it will withdraw from that body on the 15th of next month. General Passenger Agent Crane, of the Wabash, says that as the Chicago and Alton has not been a member of the Western Passenger association for some months, the association, as it now exists, is incomplete and it should either be reorganized or abandoned. The Wabash does not contemplate withdrawing from the Western Mileage bureau or the clergy bureau, conducted under the auspices of the Western Passenger association, but covered by entirely separate agreements between the lines interested.

Workman Severely Hurt.

John White, who is employed by Charles Schreck in cutting up old engine boilers for the Pennsylvania company, received injuries this morning in a most peculiar manner. At the time of the accident he was cutting off rivet heads with a cold-chisel, when a piece of one of the rivets flew up, struck him at the edge of the right eye and traveled back about two inches, where it lodged under the skin. The unfortunate fellow was taken down to Dr. George C. Stemen's office, where the metal was removed and the wound dressed. Mr. White was struck in the face yesterday by a rivet, receiving a painful bruise, but he did not quit work on account of the accident. His injuries today were much more severe, however, and it will be several days before he is able to resume work.

Personal and General.

W. G. Rodenbeck, a car builder, is sick and off duty.

Joseph Buckley, of the Bass blacksmith shop, is sick.

Machinist Louis Seibt, of the Bass works, is on the sick list.

The Wabash pay car will arrive in this city on the morning of the 23rd inst.

J. W. Sale went to Delphi this morning in the interest of the Hoffman brothers.

C. C. Kraft went to Detroit this morning to make some wheel tests for the Wabash.

Nickel Plate Fireman E. Stoner is entertaining his brother, who resides in Chicago.

Eli Larimore and William A. Beattie have taken positions at the Bass boiler shop.

W. B. Croy has returned to work at the east car shops after a visit at Pittsburg with old friends.

A. J. Compton, Pittsburg freight conductor, is taking a lay off to look after some private business.

Boilermaker J. Murphy went down to Lima last night to do some repair work for the company.

C. Allen, a fireman, has gone to Knox to take the place of the local freight engine watchman, who is sick.

C. B. Slagle, draughtsman at the Bass works, has recovered from an attack of quinsy, that kept him at home for several days.

F. B. Sleeper is sick and Bert Crosby is taking a lay off to attend to some private affairs. Both are Nickel Plate engineers.

J. J. Conroy, machinist in the Wabash shops, has returned from Springfield, where he received treatment for injured eyes.

Elmer E. Doll, of Bucyrus, Ohio, has been appointed a patrolman under Captain H. Stoll. He began the duties of the office this morning.

Howard Thomas, formerly of the Fort Wayne electric works, has gone to Van Wert, where he has secured employment in a machine shop.

Claim Agent J. L. Head, of the Wabash, is short on bird dogs. Three months ago he had three fine canines. About that time two were poisoned and now the third and only remaining one has been stolen. Mr. Head is a great hunter and like all true Nimrods, places a great value upon his dogs.

Pittsburg engine 186 met with a little mishap at Plymouth this morning and is now in the shops with a broken pilot and tender frame.

Jerre Stanford, of the Pittsburg shops, is kept at home by the illness of his wife, whose condition yesterday was quite serious for a few hours.

J. H. Hobrock, assistant shop clerk, and J. A. Gordon, stenographer for Mr. Potter, went to Pittsburg yesterday on business for the Pennsylvania company.

Engineer C. Bromelmeier has resumed his place at the throttle of an engine on one of the Nickel Plate local freight runs. He had been on the sick list for three months.

Charles Babb, the ball player, who is employed in the Pittsburg blacksmith shop, had his fingers frosted while en route to the shop yesterday morning and was unable to work for awhile.

Henry Dryer and Peter Berg have returned to work in the Pittsburg blacksmith shop. The former had been sick for a month and the latter had been off a few days with an injured finger.

A. Habig, car builder at the east shops and his family went to Chicago this afternoon to visit friends a few days. Mr. Habig had the misfortune to sprain his back a few days ago and is not able to work.

Boilermaker Henry Geerken, of the Pittsburg shops, had a piece of metal removed from one of his feet yesterday. The metal got in the flesh several days ago, but never caused much trouble until a few weeks ago.

N. C. McKinney, chief lineman at this point for the Pennsylvania company, has just completed the work of repairing the damages of the late snow storm. He had a gang of eleven men at work almost night and day for a week.

Fireman E. A. Jornod, of the Pittsburg, was injured about the hips while out on his run last night. The accident happened at Plymouth and the injury was so painful that Mr. Jornod had to abandon his run and return home on No. 8.

William C. Slater, the stenographer, has taken a position at the Bass offices. The young man recently returned to the city from Chicago, where he was employed in a clerical capacity by the Collins Ice Cream company. He is a son of Foreman Joseph Slater, of the Bass blacksmith shop.

R. J. Fisher, treasurer of the Bass Foundry and Machine company, left yesterday for Pasadena, Cal., to remain for an indefinite period. In fact he may find affairs at the Vekol mines, in which he is interested, in such shape as to require personal attention for several months and possibly years. During Mr. Fisher's absence Frank S. Lightfoot will attend to the duties of treasurer of the Bass works.

The Huntington authorities have filed a complaint with Supt. E. A. Gould of the manner in which the local freight trains of the Wabash do their switching in the downtown districts, completely blocking one of the most important streets for an hour or two each morning and evening. Mr. Gould will have a cut off put in and will see that the citizens of that town have no further cause for complaint on that score.

ONE OF THE BEST FEATURES

Of the Pyramid Pile Cure

Is the fact that it cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid Pile Cure and constitutes one very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient and in most cases is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid Pile Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by the Pyramid Drug Co., Marshall, Mich., and sold by druggists at 50 cents per package.

SAM, PETE & MAX.

At a meeting of the directors of the Home Telephone company, last evening, it was decided to retain Theodore Thorward in the capacity of local manager of the exchange. This was done in recognition of the valuable services rendered by Mr. Thorward since his connection with the company for he has proved a hustler. The directors decided to have a new directory issued at once as many phones have been put in since the last book was issued.

There's more toothache in early winter than any other part of the year—mostly because more neglect has been possible in the season's just before. When the first chill wind of winter gets into a tooth cavity, it will point out the fact that a filling is needed in a manner that will not encourage further neglect.

We fill tooth cavities in the reliable manner that makes good, sound, weather proof teeth for all the year's 'round.

Christmas Dress Goods.

For personal need or holiday thought this stock is admirably ready. Time was when dress goods were pushed remotely back to give prominence to trickety stocks. Now the acceptableness of a dress pattern is generally manifest.

Silks for Gifts.

Waist lengths—dress lengths. We've picked for prettiness.

Blankets and Quilts.

Are you seeking a gift for a housekeeper? There's warmth attached to the remembrance of a gift blanket.

Linens for Gifts.

Of course! What more acceptable to any dainty housekeeper than a linen table set? We've gathered largely of exquisite damasks with napkins to match. Together in a box they come. Beautifully and most moderately priced.

TERRIBLE BREAKING OUT
CURED BY CUTICURA

I was afflicted with a terrible breaking out. I was treated by the very best physicians, who pronounced it blood poison, but it got worse. I was suffering untold agony, and finally had to give up work. CUTICURA REMEDIES were suggested, which I immediately procured. From the first, I experienced a soothing relief, notwithstanding my intense pain. I improved right along till at last I was entirely cured, and not a sign on my body anywhere indicating that anything had ever been the matter with me.

CAL BRICE IS DEAD.

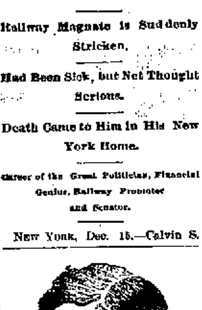
Railway Magnate is Suddenly Stricken.

Had Been Sick, but Not Thought Serious.

Death Came to Him in His New York Home.

Career of the Great Politician, Financial Genius, Railway Promoter and Senator.

NEW YORK, Dec. 15.—Calvin S.



CALVIN S. BRICE.

Brice died at 3:15 o'clock this afternoon, in this city.

Mr. Brice contracted a severe cold one week ago today. On Friday last he went down town to his office, returning home in a suffering condition and on Saturday took to his bed. He grew steadily worse until this afternoon when he died.

LIFE OF CALVIN S. BRICE.

Calvin S. Brice was a native of Ohio, and was born in 1845. He was the son of a Presbyterian minister. Three years before the civil war he entered the Miami university, but in 1861 he enlisted in a university company for the war. He served in West Virginia in the Eighty-sixth Ohio infantry. In 1863 he graduated from the university and after teaching school a few months he became captain of a company of the One Hundred and Eighth Ohio and served to the end of the war. He went to the Ann Arbor, Mich., law school and afterwards was admitted to the bar in Cincinnati. He took an active interest in politics and in the campaign of 1876 he was an electoral candidate on the Tilden ticket and again on the Cleveland ticket in 1884. In 1888 he was a delegate at large to the democratic national convention at St. Louis, where the Ohio delegation chose him as a member of the nation committee. He was chairman of the executive committee during the 1888 campaign and on the death of William H. Barnum was elected chairman of the democratic national committee. In the winter of 1890 Mr. Brice was elected United States senator to succeed Henry B. Payne and took his seat March 4, 1891.

In the senate Mr. Brice became a prominent figure. He was soon made a member of the democratic steering committee and became also a member of the committee on appropriations. Mr. Brice seldom spoke in the senate but was a close observer of everything that was going on and was always deep in the councils of the party.

In business Mr. Brice had met with marvelous success. As a promoter of railroads he laid the foundation of his fortune. The New York, Chicago & St. Louis (the Nickel Plate) was his first great undertaking. He was the organizing genius in the Lake Erie and Western system. Lately Mr. Brice became interested in great railroad enterprises in China.

ADMIRE M'KINLEY.

Southern Hearts Fired by His Noble Words.

The Great Jubilee Parade Reviewed by the President and His Party—Thousands in Line.

ATLANTA, Ga., Dec. 15.—The second day of the Atlanta peace jubilee opened auspiciously. The temperature had relaxed its rigor considerably and warmth in the rays of the sun was early perceptible. As on yesterday the crowds were enormous, excursion trains arriving at short intervals from all directions.

The ovation given President McKinley at the capitol yesterday by the members of the legislature was the greatest reception ever given an American citizen in Atlanta and his speech having relation to the care of confederate dead has fired the hearts of southerners with admiration for the chief executive.

Gen. Joe Wheeler is cheered at every step and Generals Lawton, Young, Oates and other army officers are heartily received at each appearance.

The feature of the day was the civic and military parade, which passed through the streets during the afternoon. Starting from the corner of Garnet and White Hall streets at noon, the procession proceeded to exhibition park.

The parade consisted of ten divisions under command of Grand Marshal A. J. West.

The president and other distinguished guests in carriages were at the head of the pageant. They were escorted by the Third New Jersey and Fifteenth Pennsylvania, which came over from their winter camp at Athens for the purpose. The president was compelled to bow almost continuously to the cheers which assaulted his ears from the crowded sidewalks and the windows of the buildings along the line of march.

A roar of welcome denoted the position of Gen. Joe Wheeler and his band of cavalrymen who followed him through the civil war, and the wizened leader was at times compelled to force his horse through throngs of would-be worshippers who blocked his path.

BAGNIO RAIDED.

Police Paid an Unexpected Visit to Ed Keever's Place.

Keever and Another Man and Three Women Were Arrested—They Put Up Bail and Forfeited.

Sergeants Harkenrider and Stevens and Officers Rohrer and Spillner raided the rooms above Ed. Keever's saloon, No. 41 Columbia street, about 10 o'clock last night and arrested Keever, three women and another man. The quintette were hauled to the police station, where Keever put up $51.50 bail for himself and two of the women. Before morning the other young man and woman furnished the necessary bail and none of them appeared in police court, when Lieutenant Lapp rapped for order at 8:30 this morning. The bail money was forfeited. The police have been watching the Keever place for five years, suspecting that it was a house of ill-fame, but last night was the first time conclusive evidence was secured against it.

Fred Schneider, a train climber, was sent to jail for sixteen days.

A CHARGE OF ARSON

Made Against James Jacobs by Superintendent Gorsline.

Accused of Setting Fire to City Trucking Co.'s Barns.

The Evidence Against Jacobs is All Circumstantial.

Arraigned in Court This Morning and Justice Huser Fixed Bonds at $2,000—Jacobs' Denies Guilt.

The mystery surrounding the quietness in police circles for ten days or more was cleared up last evening when Sergeant Harkenrider and Detective Daseler arrested James Jacobs on the charge of arson.

The affidavit was sworn to by Superintendent of Police Gorsline and alleges that Jacobs set fire to the barns of the City Trucking company, which were burned early the last Sunday morning in November. The superintendent will not discuss the evidence on which he expects to convict Jacobs, who on the night of the fire was acting in the capacity of night watchman at the barn.

It is intimated that Mr. Jacobs had made threats that he would "get even" with the City Trucking company, of which company he was once manager and principal owner. As soon as the police learned of these threats an investigation was commenced and evidence of a circumstantial character was uncovered, which pointed strongly to Jacobs' guilt. The evidence was laid before Prosecuting Attorney Doughman and he ordered the man's arrest.

James Jacobs is very well known to business men in Fort Wayne, having for several years been foreman of the City Trucking company when it was owned by R. T. McDonald, P. A. Randall, E. W. Cook and others. Later Jacobs controlled the company, but could not make it pay. He left Fort Wayne and remained away a couple of years, returning less than a month ago. He applied for work at the barns, but for a time there was nothing for him to do. During the last week in November the night watchman at the barns was taken ill and Jacobs was employed to temporarily fill the place. The police have uncovered many suspicious things that Jacobs said and did that night and will divulge this evidence only at the trial. David Jacobs, a brother of Jim, is foreman of the trucking company, and Tom, another brother, is also in the employ of the company.

Jacobs was arraigned before 'Squire Huser, who presided at police court this morning. He entered a plea of not guilty and asked that the case be continued until he could secure an attorney. 'Squire Huser fixed bond at $2,000 and set the preliminary hearing for 8:30 o'clock Friday morning.

WIT AND ORATORY.

Sons of the American Revolution Annual Dinner.

Brilliant Assemblage and Much to Enjoy at the Fort Wayne Club Last Evening—The Toasts.

The annual banquet of Anthony Wayne chapter, sons of the American Revolution, was held at the Fort Wayne club last evening, about forty guests being present. The hall was decorated with flags and flowers, well befitting the occasion.

S. M. Foster presided as toastmaster, a position he filled right well, his preludes being spicy and highly entertaining. All of the toasts had a bearing on the revolutionary period, although references were made to the civil war and the late Spanish-American war. Mr. Foster made an address, after which Paul Mossman spoke eloquently upon the question of "What are We Here For?" Alexander Johnson, Col. D. N. Foster, Mrs. Charles B. Woodworth, C. E. Kendrick, Charles McCulloch and Dr. A. E. Bulson all responded to toasts.

Throughout the evening music was furnished by Alexander's Mandolin orchestra. The entire affair was a glowing evidence of the reverence felt for the forefathers whose heroism made the struggling colonies free and laid the foundation for the greatest nation beneath the sky.

IN NEW QUARTERS.

J. F. Schell Loan and Investment Company in Its New Office.

THE SPLENDID FACILITIES.

Something About the Plan on Which Investments are Made by Them.

THE ABSOLUTE SECURITY.

Why Both Investor and Borrower Can Profit by Dealing With This Institution.

The city of Fort Wayne stands preeminent among the cities of the middle west as regards its financial institutions. In no city are the institutions of this nature more trusted and more trustworthy. It is therefore with peculiar pride and pleasure that our citizens have witnessed the establishment and steady growth of the J. F. Schell Loan and Investment company, which has come forward into the front rank among institutions of this kind.

The secret of the substantial growth of this company is not hard to find. It is a well known principle that men who devote their entire time and energies to a certain kind of business can do it better and more successfully than anyone else. The spirit of combination and centralization that mark the successful business of every kind in this day and age. The business of the J. F. Schell Loan and Investment company is loaning money. The officers of this institution have by incessant labor, long experience and more than ordinary ingenuity developed a plan whereby "gilt-edged" real estate mortgages can be made with the greatest dispatch, at the same time safeguarding the investment by their unexcelled facilities for absolute security.

This is why the J. F. Schell Loan and Investment company has taken its place at the front and has found it necessary to further increase its facilities for doing business by the establishment of new offices in the Tri-State block. A representative of THE SENTINEL visited these offices yesterday. There is a pleasant surprise awaiting the person who has not yet seen them. It is doubtful if there are more handsome offices of any kind in the state, but a close inspection will show the more careful observer that all through the first aim has been for such arrangement and convenience as will tend to transact the business of the company most expeditiously. This has been done without sacrificing good taste in a single instance. The visitor, entering from Berry street, finds himself in the general office room. Behind a counter, protected by plate glass and burnished metal railings, are the cashier, bookkeeper and clerks. At the rear is the room where the stenographers do their work, and the great brick and steel, time lock, fire proof vault and safety deposit. The hall running back to the offices of the president and other officials has the appearance of a handsome reception room. The floor is covered with linoleum of mosaic pattern, the walls handsomely frescoed, the chandeliers of burnished metal and rich and tasteful furniture for the accommodation of waiting patrons. At the end of the hall are the offices of the president, secretary, investment department, loan department, title room and record room. The oak walls, art glass partitions, handsome Brussels carpet and elegant office furniture give to these rooms a finish that must be seen to be appreciated. In a word, the new offices of the Loan and Investment company epitomize the character of the institution—facility for doing business with every comfort and convenience to patrons in the safest and most expeditious manner. The furnishings themselves are indicative of the stability and permanence of the institution.

The J. F. Schell Loan and Investment company was organized in April, 1895, by a number of citizens representative of the solid financial interests of the county, and headed by Mr. J. F. Schell. What has been accomplished since the organization illustrates the industry, energy and integrity of the promoters. During those years there has been in operation an original plan for safe-guarding the interests of investors. This plan is now complete and puts the company in a position to demand the attention of every investor and borrower. The J. F. Schell company operates in ten counties in Indiana and western Ohio, and depends on no one outside of its own members for knowledge of the value of security.

It is an almost incredible fact that the president of this company can sit in his office and in the space of five minutes tell whether any loan asked for out of these ten counties is such as the company will make. But so complete and exhaustive are the records, revised every week, that this can readily be done. But this is not all. After the application has been favorably passed upon, an officer of the company gives the security offered his personal attention. Every report is made upon printed forms provided for the purpose; every contingency is provided for, there is no chance for a slip. When all is complete there is no delay; the borrower has his money promptly at the lowest rate of interest, the investor receives his mortgage security, than which there could be no better, with the assurance, under the system operated by the company, that the property will be insured, the taxes paid and the interest at hand when due.

This is the secret of the marvelous success of the J. F. Schell Loan and Investment company. For a single investor to make the investigation and attend to the details as the company does for each loan would involve an expenditure of time and money that would defeat the object of the investment. The company, in making and attending to hundreds of loans, has the work so systematized that the expense in a single instance is trifling and the results are certain.

This is why the investor can place his money to better advantage through the J. F. Schell Loan and Investment company than any other way. This is why the borrower can obtain his money more quickly and at a lower rate of interest than elsewhere.

This is why the company has gained its reputation as being absolutely safe, solid and reliable. The officers of the company are:

President—J. F. Schell.
Vice President—Joseph Harding.
Secretary—L. A. Hirons.
Treasurer—J. L. Gruber.
Board of Directors—J. L. Gruber, Hiram Porter, J. F. Schell, S. D. Sledd, Joseph Harding, Joseph H. Grier, Geo. W. Linden, L. A. Hirons, Jackson Valentine, F. W. Antrup.

Among the stockholders are the following: F. W. Antrup, J. L. Gruber, Joseph Harding, Jackson Valentine, George W. Linden, Hiram Porter, Owen N. Heaton, L. A. Hirons, Rev. C. G. Ebeel, L. S. Null, Dr. S. D. Sledd, Joseph Grier, W. E. Schell, J. F. Schell, Charles Pape, Clarence Schell and others.

In the management of the business President Schell is ably assisted by Miss L. A. Hirons, secretary in the counting room; Mr. F. E. D. Keplinger in the investment department; Mr. M. H. Krans in the title depart, and in a short time Mr. J. D. Gumpper will head the loan application department.

After all is said, the best recommendation of the J. F. Schell Loan and Investment company is to be found among those with whom and for whom they are doing business. It has merited and gained general approbation, and now starts in on a new and wider career of usefulness. The institution is one of which the citizens of Fort Wayne may well be proud.

NO BITTER DEBATE.

Pension Appropriation Bill is Passed by the House.

Bill Goes Through in Shortest Time on Record.

Mr. Allen Rejoices in Absence of Bloody Shirt.

Helped to Report the Bill While President is South Honoring Confederate Dead.

WASHINGTON, Dec. 14.—The house today passed the general pension appropriation bill, carrying $145,233,830, occupying only twenty minutes in consideration of the measure. This is the shortest time on record for a general pension bill.

When Mr. Barney, republican, of Wisconsin, in charge of the bill, had called it up and made a general explanation of its provisions, Mr. Allen, democrat, of Mississippi, of the appropriations committee, called attention to the fact that when he first came to congress, fourteen years ago, the pension appropriation bill invariably precipitated a "bloody shirt" discussion.

He congratulated the country that congress had progressed since then and that there would be no acrimonious discussion on the bill before the house. The country at last had the gratifying information that the pension roll had reached the maximum. "And I congratulate the country for this," said Mr. Allen in conclusion, "that while one of the most gallant and desperate soldiers of the confederacy (himself) helped to report this bill, the president of the United States is down in Dixie doing honor to the confederate dead. We all have cause to rejoice."

There was no further debate on the bill.

Ora Shannon was arrested yesterday afternoon on a charge of stealing a handsome lap robe from Diederich Rodenbeck.

Deputy Sheriffs Stout and Witte went to the home of Shannon's parents and they first denied the robe was there. Then an old robe was produced, but the officers were not fooled and demanded the stolen robe, which was produced with the statement that their son, Ora, had found it. Young Shannon when taken into custody claimed he had found the robe. A preliminary trial is in progress before 'Squire Bullerman this afternoon. Henry Colerick is defending Shannon.

General Joe Wheeler is not as tall as Goliath, but in Georgia he is a bigger man.

At the launching of J. Pierpont Morgan's new yacht, the Corsair, in New York, fourteen of the guests represented a total amount of wealth in excess of $300,000,000.

The solution of the Chinese problem soon to be begun by Russia and Great Britain will doubtless be along the same old lines. It is easier to cut a knot than untie it.

Bunyan's "Pilgrim's Progress" has been lately translated into the Uganda language by a German. The precious piece of literature may now be read in eighty-two languages.

Those Spanish women who stoned a statue of Columbus because he discovered America were only doing in another way what the Spanish crown caused to be done to the great mariner himself in his last years.

Rufus L. Perry, a colored lawyer of Brooklyn, has secured an option on 1,500 acres of land on Long Island, with the idea of forming a settlement of the people of his race. The plan is to bring up about 5,000 negroes from the sections of North and South Carolina in which race riots have taken place and lease the land to them in ninety-nine-year leases at $5 a lot. Building materials are to be supplied to the settlers and the backers of the scheme intend to establish factories where the negroes can make chairs and various kinds of woodwork. The men who are with Perry in the scheme are said to be Tammany men. Perry himself is a democrat.

The board of water works trustees should be abolished because that department of the city government can be much more economically and satisfactorily administered if merged with the board of public works. It is an incongruity in the present scheme of municipal government.

The visit of President McKinley to the Atlanta peace jubilee will be memorable for the speech he made before the Georgia legislature. These words from the president's address will be treasured by the people of the south: "Every soldier's grave made during our unfortunate civil war is a tribute to American valor. And while, when these graves were made, we differed widely about the future of this government, those differences were long ago settled by the arbitrament of arms, and the time has now come in the evolution of sentiment and feeling, under the providence of God, when in the spirit of fraternity we should share with you in the care of the graves of the confederate soldiers." These are the words of a true patriot and a broad and Christian man. They will do much to cement closer the people of the north and south and make impossible any revival of sectionalism. Mr. McKinley's speech will do not only those things, but it will stand as a solemn rebuke to whoever shall hereafter, north or south, seek to rekindle the dying embers on the national hearthstone.

These eight children were Maurice Seelberg, Amy Rothschild, Melvin Hurst, Corinne Strass, Louis Goldstine, Grace Rothschild, Lester Diamond and Stella Swartz. The Chanukah poem was given by Milton Hirsch, and the Chanukah hymn was sung by all the children. John White, a Workman, Receives Painful Injuries—A Record-Breaking Day in Freight Traffic.

ST. LOUIS, MO., Dec. 15.—The Wabash railroad has given formal notification to the Western Passenger association that it will withdraw from that body on the 15th of next month. General Passenger Agent Crane, of the Wabash, says that as the Chicago and Alton has not been a member of the Western Passenger association for some months, the association, as it now exists, is incomplete and it should either be reorganized or abandoned. The Wabash does not contemplate withdrawing from the Western Mileage bureau or the clergy bureau, conducted under the auspices of the Western Passenger association, but covered by entirely separate agreements between the lines interested.

Workman Severely Hurt.

John White, who is employed by Charles Schreck in cutting up old engine boilers for the Pennsylvania company, received injuries this morning in a most peculiar manner. At the time of the accident he was cutting off rivet heads with a cold-chisel, when a piece of one of the rivets flew up, struck him at the edge of the right eye and traveled back about two inches, where it lodged under the skin. The unfortunate fellow was taken down to Dr. George C. Siemen's office, where the metal was removed and the wound dressed. Mr. White was struck in the face yesterday by a rivet, receiving a painful bruise, but he did not quit work on account of the accident. His injuries today were much more severe, however, and it will be several days before he is able to resume work.

Personal and General.

W. G. Rodenbeck, a car builder, is sick and off duty.

Joseph Buckley, of the Bass blacksmith shop, is sick.

Machinist Louis Selbt, of the Bass works, is on the sick list.

The Wabash pay car will arrive in this city on the morning of the 23rd inst.

J. W. Bale went to Delphi this morning in the interest of the Hoffman brothers.

C. C. Kraft went to Detroit this morning to make some wheel tests for the Wabash.

Nickel Plate Fireman E. Stoner is entertaining his brother, who resides in Chicago.

Eli Larimore and William A. Beattie have taken positions at the Bass boiler shop.

W. B. Croy has returned to work at the east car shops after a visit at Pittsburg with old friends.

A. J. Compton, Pittsburg freight conductor, is taking a lay off to look after some private business.

Boilermaker J. Murphy went down to Lima last night to do some repair work for the company.

C. Allen, a fireman, has gone to Knox to take the place of the local freight engine watchman, who is sick.

C. B. Siegle, draughtsman at the Bass works, has recovered from an attack of quinsy, that kept him at home for several days.

F. B. Sleeper is sick and Bert Crosby is taking a lay off to attend to some private affairs. Both are Nickel Plate engineers.

J. J. Conroy, machinist in the Wabash shops, has returned from Springfield, where he received treatment for injured eyes.

Elmer E. Doll, of Bucyrus, Ohio, has been appointed a patrolman under Captain H. Stoll. He began the duties of the office this morning.

Howard Thomas, formerly of the Fort Wayne electric works, has gone to Van Wert, where he has secured employment in a machine shop.

Claim Agent J. L. Head, of the Wabash, is short on bird dogs. Three months ago he had three fine canines. About that time two were poisoned and now the third and only remaining one has been stolen. Mr. Head is a great hunter and like all true Nimrods places a great value upon his dogs.

Pittsburg engine 166 met with a little mishap at Plymouth this morning and is now in the shops with a broken pilot and tender frame.

Jerre Stanford, of the Pittsburg shops, is kept at home by the illness of his wife, whose condition yesterday was quite serious for a few hours.

J. H. Hobrock, assistant shop clerk, and J. A. Gordon, stenographer for Mr. Potter, went to Pittsburg yesterday on business for the Pennsylvania company.

Engineer C. Bromelmeier has resumed his place at the throttle of an engine on one of the Nickel Plate local freight runs. He had been on the sick list for three months.

Charles Babb, the ball player, who is employed in the Pittsburg blacksmith shop, had his fingers frosted while en route to the shop yesterday morning and was unable to work for awhile.

Henry Dryer and Peter Berg have returned to work in the Pittsburg blacksmith shop. The former had been sick for a month and the latter had been off a few days with an injured finger.

A. Habig, car builder at the east shops and his family went to Chicago this afternoon to visit friends a few days. Mr. Habig had the misfortune to sprain his back a few days ago and is not able to work.

Boilermaker Henry Geerken, of the Pittsburg shops, had a piece of metal removed from one of his feet yesterday. The metal got in the flesh several days ago, but never caused much trouble until a few weeks ago.

N. C. McKinney, chief lineman at this point for the Pennsylvania company, has just completed the work of repairing the damage of the late snow storm. He had a gang of eleven men at work almost night and day for a week.

Fireman E. A. Jornod, of the Pittsburg, was injured about the hips while out on his run last night. The accident happened at Plymouth and the injury was so painful that Mr. Jornod had to abandon his run and return home on No. 8.

William C. Slater, the stenographer, has taken a position at the Bass offices. The young man recently returned to the city from Chicago, where he was employed in a clerical capacity by the Collins Ice Cream company. He is a son of Foreman Joseph Slater, of the Bass blacksmith shop.

R. J. Fisher, treasurer of the Bass Foundry and Machine company, left yesterday for Pasadena, Cal., to remain for an indefinite period. In fact he may find affairs at the Vekol mines, in which he is interested, in such shape as to require personal attention for several months and possibly years. During Mr. Fisher's absence Frank S. Lightfoot will attend to the duties of treasurer of the Bass works.

The Huntington authorities have filed a complaint with Supt. E. A. Gould of the manner in which the local freight trains of the Wabash do their switching in the downtown districts, completely blocking one of the most important streets for an hour or two each morning and evening. Mr. Gould will have a cut off put in and will see that the citizens of that town have no further cause for complaint on that score.

ONE OF THE BEST FEATURES

Of the Pyramid Pile Cure

Is the fact that it cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid Pile Cure and constitutes one very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient and in most cases is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid Pile Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by the Pyramid Drug Co., Marshall, Mich., and sold by druggists at 50 cents per package.

At the meeting of the Universal Brotherhood and Theosophical society this evening at their rooms, on the third floor, over 22 East Berry street, Hon. Silas B. McManus will give a reading of original poems.

Fred Peters, who went to Grand Rapids to consult a specialist regarding his injured hip, returned today. The physician gave him an encouraging diagnosis, saying that his recovery was only a matter of a few months. This will be welcome news to Mr. Peters' numerous friends. He has been going on crutches since last July.

A great many ladies have told us that we have the nicest smoking jackets in town, and they have all said that our prices are much the lowest.

SAM, PETE & MAX.

At a meeting of the directors of the Home Telephone company, last evening, it was decided to retain Theodore Thorward in the capacity of local manager of the exchange. This was done in recognition of the valuable services rendered by Mr. Thorward since his connection with the company for he has proved a hustler. The directors decided to have a new directory issued at once as many phones have been put in since the last book was issued.

OUR BUSINESS [illegible] KODAK CAMERAS [illegible] M. L. JONES [illegible]

There's more toothache in early winter than any other part of the year—mostly because more neglect has been possible in the season's just before. When the first chill wind of winter gets into a tooth cavity, it will point out the fact that a filling is needed in a manner that will not encourage further neglect.

We fill tooth cavities in the reliable manner that makes good, sound, weather proof teeth for all the year's round.
